February 25-26

June 24-25

March 18-19

July 22-23

Who is Using High Impact Evaluation™?

High Impact Evaluation™ (HIE) is a **transformative** innovation that redefines learning evaluation. Developed in a half-decade research collaboration with the Government of Canada, this robust, results-focused model has found broad approval globally, throughout Canada, and across all sectors of the federal government.

Internationally, HIE has been lauded and adopted by a wide range of organizations including: Coca Cola, Emirates Airlines, Harvard Business, the United States Department of the Treasury, Cigna Healthcare, KPMG, Boeing, GM, MIT, Caterpillar, Capital One, and the Central Bank of Brazil.

In **Canada**, users include: Scotiabank, CIBC, Canada Life, Canada Revenue Agency, Health Canada, DND, RCMP, Global Affairs, Treasury Board of Canada Secretariat, Canadian Nuclear Safety Commission, CSPS, CFIA, ESDC, Royal College of Physicians, CMHC, Communications Security Establishment, Correctional Service of Canada, CBSA, BDC, Sun Life, Ontario Government, Ontario Police College, Correctional Service of Canada, Mackenzie Investments and many, more.

Why consider this workshop?

High Impact Evaluation™ gives organizations a powerful, proactive model to ensure learning solutions achieve maximum impact. You'll learn how to effectively use this new, evidence-based model and tool-set to drive performance and strategy.

Facilitators

Lynette Gillis PhD., CTD

- Executive Director, Centre for Learning Impact
- Fellow of the Canadian Society for Training & Development

A cognitive and educational psychologist, Lynette is an internationally recognized authority in the design, development and evaluation of organizational learning. Her career is focused on improving existing design and evaluation methodologies to help organizations such as Harvard Business Publishing maximize the effectiveness and impact of their learning investments. Recently Lynette was honoured to be named a Fellow of the Canadian Society for Training and Development--only the second person in CSTD's history.

Lynette is a frequent keynote speaker on learning and evaluation at international conferences. She has served as Director of the Ontario Securities Commission Investor Education Fund, Advisor to Canada's Prime Minister's Panel on the Skills Gap, Educational Advisor to the Toronto Stock Exchange, and Founding Director of the Bell Centre for Learning Design at Fleming College. Other clients include Bell Canada, Manulife, RBC, Toronto Stock Exchange and many federal government departments such as the Canadian Food Inspection Agency, the Canada School of Public Service, and the Canada Revenue Agency. Lynette is the author of Quality Standards for Evaluating Multimedia and Online Training (McGraw-Hill 2000).
